

Bulbs / Roots Reminder! Most of Coös County is zone 3 or 4. Gladiolus & Dahlias are NOT winter hardy here, you will want to dig them up in the fall and replant in the spring.

Astilbe ‘Bridal Veil’

Elegant pure white blooms are offset by their deep green, glossy foliage. Prefers shade. *Blooms late spring to early summer.*
Height: 16-18” Zone: 3-9

Astilbe ‘Purpurkerze’

Rich purple, candelabra like flowers grow tall and bloom late. Prefers shade and moist soils. *Blooms late summer.*
Height: 35-42” Zone: 3-9

Gladiolus ‘Black Beauty’

Large, deep-dark red, velvety spikes of flowers that shimmer in the sunlight. Prefers full sun. Needs to be protected from wind. *Blooms summer.*
Height: 48-60” Zone: 8-10

Gladiolus ‘White Prosperity’

Large snow-white flowers with ruffled petals. Pristine bloomer. Prefers full sun. Needs to be protected from wind. *Blooms summer.*
Height: 56-60” Zone: 8-10

Gladiolus ‘Sonate’

Large eye-catching bright pink flowers adorned with a splash of white on their lower petals. Prefers full sun. Needs to be protected from wind. *Blooms early summer.*
Height: 46-50” Zone: 8-10

Gladiolus ‘Novato’

Bold, large flowering blooms with ruffled petals. Spikes are packed with many flowers. Prefers full sun. Needs to be protected from wind. *Blooms early summer. Height 46-50” Zone: 8-10*

Abyssian Gladiolus ‘Peacock Orchid’

Graceful, white orchid-like flowers with star shaped merlot colored centers. Sweetly scented. Prefers full sun. Needs to be protected from wind. *Blooms summer.*
Height 18-24” Zone: 3-10

Dahlia ‘Caribbean Fantasy’

Magnificent flower with shades of creamy peach, sunny yellow, and macaw red. Grows up to 5” across. Prefers full sun. *Blooms summer to fall.*
Height: 32-36” Zone: 8-10

Semi Cactus Dahlia ‘Striped Vulcan’

Bright yellow petals that are streaked with brilliant red. Blooms from mid-summer to frost. Grows up to 9” across. Prefers full sun. *Blooms summer to fall. Height: 44-52” Zone: 8-10*

Dinnerplate Dahlia ‘Frost Nip’

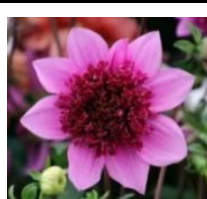

Striking hot pink blooms with white tips. Grows up to 9” across. Prefers full sun. *Blooms summer to fall.*
Height: 30-36” Zone: 8-10

Anemone Flowering Dahlia

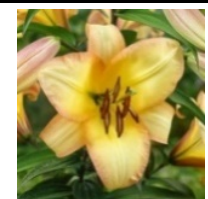

‘Blue Bayou’

Light pink outer petals with a mass of deep purplish pink inner tubular florets. Prefers full sun. *Blooms summer to fall.*
Height: 36-40” Zone: 8-10

Oriental Trumpet Lily ‘Boogie Woogie’

Glowing golden center surrounded by creamy white petals edged in faint pink. Prefers full sun to partial shade. *Blooms summer.*
Height: 36-44” Zone: 3-9

Daylily ‘Tuscawilla Tigress’

Deep and fiery orange with extra-large blooms. Re-blooming. Semi-evergreen foliage, tetraploid. Prefers full sun. *Blooms early to mid-summer.*
Height: 21-25” Zone: 4-9

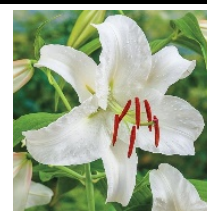

Asiatic Lily ‘Black Pearl’

One of the darkest lilies in the world, trumpet-shaped flowers. Blooms in rich shades of black red. Prefers full morning sun and afternoon shade. *Blooms summer. Height: 28-30” Zone: 3-9*

Oriental Lily ‘Casa Blanca’

Pure white lily that can have up to 8 large flowers per stem. Fragrant. Prefers full morning sun and afternoon shade. *Blooms mid to late summer. Height 35-47” Zone: 4-9*

Garden Peony ‘Red Magic’

Large blooms of feathered, deep red petals. Stunning flowers with delightful fragrance. Prefers full sun. *Blooms late spring to early summer.*
Height: 28-36” Zone: 3-8

Liatriis spicata 'Floristan Violet'

Bright violet blooms open from top to bottom, narrow leaves to the ground. Prefers full sun. *Blooms mid-summer to fall.*

Height: 29-35" Zone 2-9

Lily of the Valley

Fragrant, small, creamy-white bells with standard wide leaves, great as ground cover in moist shady areas. Prefers part shade to full shade. *Blooms spring.* *Height: 4-6"*

Zone: 2-9

Black Cohosh

Long season interest with flowers during spring on vivid red stems, followed by large white inedible berries during fall. Prefers partial to medium shade. *Blooms late spring to early summer.*

Height: 24-36" Zone: 4-8

Foxtail Lily (aka Erumurus)

Tall spikes of bright yellow flowers bloom early. Stalks can reach 9 feet tall. Long lasting blooms. Prefers full sun. Needs to be protected from wind. *Blooms summer.*

Height: 72-96" Zone 5-9

Bearded Iris 'Magic Man'

Two-toned purple blooms that are tall, fragrant, and bloom early. Prefers full sun to partial shade. *Blooms late spring.*

Height: 32-36" Zone: 3-9

Hosta 'Fire & Ice'

Leaves have very dark green margins, broad pure white centers; lavender flowers on white stems. Prefers part shade to full shade.

Blooms mid to late summer.

Height: 14-16" Zone: 2-9

POTTED PLANTS

Shasta Daisy 'Becky'

Large flowers and attractive green foliage. A perennial that is known for its long life. Produces flowers in large amounts. Prefers full sun. *Blooms summer.*

Height: 36" Zone: 4-7

Coneflower 'Rocky Top'

Very adaptable. Tolerant of drought, heat humidity, and poor soil. Foliage has bright pink rays surrounding a greenish-black central cone. Prefers full sun to part shade. *Blooms late summer.*

Height: 24-30" Zone: 5-8

Red Yarrow

This yarrow is sturdy with compact growth habit and long bloom time. Flowers are velvety red with bright gold centers. Prefers full sun. *Blooms summer.* *Height: 18-20" Zone: 4-8*

Larkspur

Compact, dense flower spikes. Semi-double dark blue flowers with dark centers. This is a very intense blue, with violet colored buds before opening. Prefers full sun to part sun/part shade. *Blooms summer.*

Height: 30-36" Zone: 3-9

Bearberry

Long stems with shiny leaves, small light pink blooms turn to red berries. Ground cover that loves sandy soil. Prefers full sun. *Blooms early summer.*

Height: 6-12" Zone: 2-6

Pink Monarda (Bee Balm)

Lavender-pink tubular flowers and shiny pink bracts. Excellent for pollinators. Prefers full sun to part shade. *Blooms late summer.*

Height 24-48" Zone: 3-9

Pink Garden Phlox

Late summer bloomer, with large showy clusters of pink flowers with red centers. Mildew resistant. Prefers full sun. *Blooms late summer.* *Height: 30-36" Zone: 4-8*

Black Eyed Susan

Blooms late spring through fall. A prolific bloomer that maintains a compact growing. Prefers full sun. *Blooms summer-fall.*

Height: 18-24" Zone: 3-9

Sweet Fern

A native shrub with a unique, sweet scent and incredible durability. This plant has wide spreading, long grooved leaves that resemble tiny fern fronds. Nitrogen fixing in roots. Prefers full sun to part shade. *Blooms spring.* *Height: 24-40" Zone: 2-6*

Sedum 'Autumn Fire'

Thick foliage forms tight upright habit with brighter rose colored blooms. Larger flower heads that are long blooming. Prefers full sun. *Blooms mid summer to fall.* *Height 24-30" Zone: 3-9*
