<p><b>A simple agreement with each client, along with a check for a security deposit in the amount of each tools replacement value is all that is required for use of these tools.</b> The time frame on the use of these tools varies on supply and demand but is usually 4-7 days. A specific lending time frame will be determined and noted on the sign-out form before the equipment is used.</p> <p>Although there is no fee to borrow these tools, donations to the Coös County Conservation District are always appreciated to help maintain the tools and promote local programs.</p>
